Being connected with several large manufacturing establishments and importing houses at the East, giving us as advantage over any other Mercantile House in the State, and having long established and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question
We would say to
COUNTRY MERCHANTS
who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee

FOR FREE KANSAS—FREE PRESS—FREE SPEECH—FREMONT!

"I REPEAT THAT I NEVER CAN AND NEVER WILL VOTE AND NO EARTHLY POWER WILL EVER MAKE ME VOTE TO SPREAD SLAVERY OVER TERRITORY WHERE IT DOES NOT EXIST."—HENRY CLAY

"I heartily concur in all the sentiments which have for their object to prevent the subject of slavery from the discussion of geographical lines in the organization of new territories. I am opposed to it every in the abstract, and upon principles sanctioned and made habitual by a long connection. While I feel impelled in the belief that it ought not to be introduced within a certain limit under the shield of State sovereignty, I am as inflexibly opposed to its extension on this continent beyond as per cent limits."—JOHN C. FREMONT

The Day at Beaver Dam.

Out among the green fields, and through the grand old woods, and across the gently flowing Rock, and over the Rubicon that Cæsar never crossed—watching the waving of the dark green tree-tops against a deeper, bluer sky than Italy ever saw—breathing the pure air of the country, with just a slight dash of dust and smoke now and then—the platform cars decked and shaded with green boughs of tamarack—so we went—"*re-cabine ab legame*" tamarack—with some 600 others, to Beaver Dam on Friday morning, by the La Crosse & Milwaukee Railroad, to help celebrate the completion of that road to Beaver Dam.

The Railroad Company had sent out an early train loaded with Firemen and Military, free, and had arranged a liberal excursion rate for all others, and at least a thousand of our citizens must have been present on the occasion.

The country looked magnificently—the fields of various shades of green with the growing crops, and the towns along the line all dotted with new white and fresh pine-colored houses, evidence of thrift and healthy growth.

We did not go to celebrate the Fourth of July, but the railroad completion; but on our arrival at Beaver Dam, we found the Railroad part of the affair over, and Ex-Judge DODGE just closing a capital Oration all about the Fourth and the Star Spangled Banner, and the inevitable Eagle. The Judge could not deliver anything but a good oration. The crowd was gathered in the shade of a pleasant grove, about a mile from the central part of the town, and the bright uniforms of *Maj. Gen. Grant and Staff*, and of the Companies of Maj. Nunemacher's battalion, and of some 100 Firemen, (including some 40 gallant fellows from Janesville), intermingled with the people, presented a gay picture.

Before we arrived, MOSES M. STRONG, Esq., had talked for the railroad, told the people of its early struggles, congratulated them on its present progress and condition, and prophesied of its future, when the cars from away beyond the Father of Waters shall come thundering into and through Beaver Dam—when the whole region through which it passes shall be enriched by it, and when no Beaver Dammer will think it worth while to build his house or store of anything less *precious* than the red pipe stone or cornelian of the great Northwest, brought down by the La Crosse Railroad.

Judge ROSE presided with energy and courtesy, and good order prevailed. A choir of ladies and gentlemen sang the "Star Spangled Banner," and the Beaver Dam Band played "God save America," and then the procession formed and marched up town—a weary, dusty way it was—but the sight was a grand one for the spectators. There the Firemen and Military and other invited guests found tables liberally spread by their hospitable hosts, and the editorial fraternity were furnished with a capital dinner by the host of the Clark House, Mr. H. C. BENTLY—and long may he wave!

Being obliged to leave in the afternoon, we cannot speak knowingly of the festivities of the rest of the day and evening—but it was a great day for Beaver Dam—and the Beavers are a wide-awake, industrious, knowing people, who have built and are building a great town by their Dam, and they deserve great credit for the liberality and enterprise with which they carried out the items of the programme.

The Issue to be met.

Our Hunker Pro-Slavery presses at the North, like the *News*, take good care never to let their readers see the accounts of the open and undisguised efforts, in the raising of means and equipment of men in the Slave States, to send to Kansas. *Their* efforts are entirely devoted to abusing and ridiculing the efforts made in the North to save Kansas to Freedom. One of the strongest appeals which we have seen has just been made by one Col. Wilkes, a messenger from the Missouri Border Ruffians to South Carolina. He talks to the people of Charleston as follows:

"1. By consent of parties, the present contest in Kansas is made the turning point in the destinies of Slavery and Abolitionism. If the South triumphs, Abolitionism will be defeated and shorn of its power for all time. If she is defeated, Abolitionism will grow more insolent and aggressive, until the utter ruin of the South is consummated.

"2. If the South secures Kansas, *she will extend Slavery into all Territory south of the 40th parallel of north latitude, to the Rio Grande, and this of course will secure for her pro tanto extinction of Slavery in our midst, and restore her power in Congress.* If the North secures Kansas, the power of the South in Congress will be gradually diminished; the States of Missouri, Kentucky, Tennessee, Arkansas and Texas, together with the adjacent territories, will gradually become Abolitionized, and the slave population confined to the States east of the Mississippi will become valueless. All depends upon the action of the present moment."

Douglas' new Kansas Bill.

In Senate on Tuesday, Mr. WILSON moved to strike out all after the enacting clause in the bill, and insert, all acts passed by the Legislature of Kansas, or any assembly acting as such, be and they are hereby abrogated and declared void and of no effect. In his judgment the bill was to make Kansas a Slave State. The report just made to the House shows that there were 490 Missourians forced on the people of that Territory, and that it was the Legislature which passed inhuman and unchristian enactments that occasioned all the trouble.

Mr. WELLER.—The proposition is to repeal all laws and settle the dispute by physical force.

Mr. TOOMBS.—That's a good way. Nobody objected to that.

Mr. SEWARD said he would, with the greatest pleasure, vote for Mr. Wilson's amendment. The bill can have no other tendency and effect than to confirm the success of the object of the law abrogating the Missouri Compromise, and form a Slave State of Kansas. There are no laws and no society in Kansas other than the organic act of 1854. The government of the Territory is an usurpation and tyranny, and there are no legal or moral obligations treated with the least respect.

A CARD.

THE YOUNG LADIES HELPING THE GOOD CAUSE.—The Secretary of the Young Men's Meeting, thankfully acknowledges the receipt of $5, from two *young ladies*, who took up a subscription among their friends to help to defray the expenses of the meeting on Wednesday evening.—They are two of those who sung the songs of Freedom, which contributed much to the interest of the meeting.

Col. Benton's Course.

It is amusing to see the wry faces which the Hunker press make in announcing that Col. Benton supports Buchanan for the Presidency. They take very good care not to publish any of the Col's speeches. Such searching, scathing, denunciations of the whole political course of *Pierce and Douglas*, and the policy to which Mr. Buchanan stands committed, could come from nobody but the great Missourian. Some of the ultra-Slavery press are just beginning to get their eyes open. The Washington *Union* says:

"We think the nomination of Col. Fremont furnishes an "explanation" which relieves Col. Benton's course of all "mystery." That he is opposed to the election of his son-in-law will be credited by no one; that he was cognizant of the scheme which has resulted in his son-in-law's nomination will hardly be questioned. If he can draw off from the Democratic electoral ticket a plurality, he will increase the chances of his son-in-law in the House of Representatives.

If Col. Benton was honestly for Mr. Buchanan, (which he cannot be without stultifying himself,) he would decline to run for Governor, and have the *Benton electoral ticket* withdrawn. His support of Mr. Buchanan, however, is insincere. He is working for the election of Col. Fremont, which would enable Old Bullion to be 'the power behind the throne greater than the throne.'"

SIGNS OF THE TIMES.—The impromptu division on the Presidential question, taken in front of WALL'S Auction Store on the 4th, showed about *four-fifths* of the crowd in favor of Fremont.

Coming down on the La Crosse cars on that afternoon, with 11 cars on the train, a vote was taken in the first five, with the following result: 158 for Fremont, 31 for Buchanan, and 36 "on the fence," leaning one way or another, having all the early symptoms of the Fremont fever.

Here is another, and better still:

RACINE, July 4th.

MESSRS. EDITORS:—Liberty and Right, Slavery and Wrong, were represented on board an Excursion train to-day, between this place and Union Grove, as follows: Out of 255 votes there were cast for Fremont 222, Buchanan 21, Fillmore 12.

The announcement of this vote in each car was greeted with tremendous cheering. Some half dozen were found during the canvass who refused to express their preference. Shame would not allow them to endorse publicly Border Ruffian principles. Yours truly, A. W. R. JR.

THE PRESS WITH US.—The Boston *Journal* announces its intention of supporting the nominations of Fremont and Dayton. The *Journal* is an acquisition, and we do dially welcome it into the constantly increasing ranks.

The Worcester *Palladium* is justly considered the ablest Democratic paper in New England. It is also the most independent, as the Pierce janizaries have never been able to control it. It has repudiated distinctly the nomination of Buchanan, and will give its support to Fremont and Dayton.

The Worcester *Ægis*, the last ancient Whig paper in Massachusetts, also supports our excellent candidates. In every section of the North, the ablest and most widely-circulated papers are with us in this contest.

HONEY AND THE HONEY BEE.—The undersigned being desirous of obtaining statistics relative to the bee culture and production of honey, in Wisconsin, would respectfully request all practical bee keepers, throughout the State, to communicate with him by mail, and inform him how many stocks they lost last winter, and how many they had on hand in the spring, the kind of hive used, together with any other information they may be able to afford respecting the bee culture.

The object of the request is to obtain authentic information relative to the present condition of practical bee-keeping, and letters addressed to the undersigned, at Milwaukee, will receive proper attention. Editors of newspapers in Wisconsin may confer a favor on some of their readers by publishing the above in their respective journals. L. KENNEDY.

Milwaukee, Wis., July 1st, 1856.

MIL. & MISS. R. R. EARNINGS.—The earnings of this road, for June, are something over $66,000, and not $62,000, as we stated a day or two since. Thus far this month, the receipts look well, and there is a probability of a large increase over July of last year.

NOBLY DONE.—The people in the neighborhood of Waupun, Dodge Co., held a large meeting on the 4th, and were addressed by S. M. BOUTH on the issues of the day, and in response to an appeal for Kansas raised *over a thousand dollars*. The heart of the people beats warmly for Freedom everywhere.

COUNTY ANNEXATION.—The Watertown *Democrat* says:

By the provisions of the Annexation Law, passed by the Legislature last winter, the southern tier of towns of Dodge county, consisting of Portland, Shields, Emmett, Lebanon, and Ashippun, is now part and parcel of Jefferson county to all intents and purposes whatsoever. It may be well to remind the people of these towns, that all papers which are matter of record, must hereafter be recorded in the Register's office in Jefferson. The terms of the act are absolute, unless the Board of Supervisors of Dodge county, within the time specified, should take means to establish the fact, by actual survey, that that county has less than nine hundred square miles, which has not been done.

If the *Democrat* is right, the above facts should be understood. We have not seen a copy of the law, but had supposed it to require that a survey should be made, and the annexation to follow if it should be ascertained that Dodge county had more than 900 square miles; and not to go by default.

THE KANSAS BILL IN THE HOUSE.—At our latest previous accounts, after the majority in the House of Representatives had refused to send the Kansas Free State bill to the Committee of the Whole, which refusal was supposed to have killed the bill, Mr. Barclay, of Pennsylvania, a democrat, repented, and moved a reconsideration, and the motion to reconsider carried by 106 to 102, Haven, Harrison, Dunn, Whitney, and other Northern K. N's (Fillmore men) voting as usual with the Slavery democracy in the negative. The bill may yet pass. Herbert and Brooks of course voted in the negative.

☞ MR. BUCHANAN did a very stupid thing in gratuitously stepping into the tracks of PIERCE and DOUGLAS. He was nominated not by his own strength, but on account of their weakness. In assuming *their* responsibilities, his party loses all it expected to gain by throwing *them* overboard.—*Exchange.*

SUICIDE.—The Green Bay *Advocate* has the details of the suicide of a young man, a Bohemian, who shot himself near the mills of Sayres & Gardiner, on the Suamico, on the 20th ult. Cause supposed to be disappointment in love.

FOR CONGRESS.—OWEN LOVEJOY is the Republican candidate for Congress in the 3d Illinois district.

MONROE VILLAGE CENSUS.—THOMAS EATON, Esq., who has just completed the census of the residents upon the village plat, has handed us the following figures:

Males,	948
Females,	874
Total,	1822

In 1855, the population was but 1400, and in 1854, 1709. From these figures it will be seen that the village of Monroe has nearly doubled in population in two years. This is what we call pretty good showing for the shire town of Green county.—*Sentinel.*

☞ Some incurable wag has affixed the epithet of Buchaneers—*quasi*, Buccaneers—to the supporters of the Cincinnati nominee and its filibustering, ruffianly platform. As a generic appellation it is not bad. More specifically, to the younger, chivalric, shoulder-striking portion of the same party, represented by Rust, Herbert and Brooks, we submit that a peculiar distinction should be reserved. Why not, for instance, designate them as "Hittites?"—*N. Y. Times.*

The Military Encampment, Thursday.

Yesterday was decidedly the great day of the Encampment. The weather was threatening although not positively unpleasant, until about three o'clock, when a light shower passed over the field, so light that it did not drive any one from the grounds. It cleared up speedily, and the bright sun coming forth and dispelling the clouds, gave an afternoon and evening so delightful as to fully atone for the previous part of the day.

THE ARRIVALS.

Yesterday morning the companies in camp were reinforced by the arrival of the Detroit Light Guards and the Quincy Blues. The latter muster 58 muskets, making them the strongest company at the encampment, and are accompanied by a band of thirteen members. The following is a list of their officers

Captain, B. M. Prentiss.
Lieut., R. P. Coats.
" A. V. Humphrey,
" L. Archer.
" V. Y. Ralston.

The Detroit Light Guards muster 50 muskets, and are accompanied by a band of fourteen musicians, the celebrated band from Rochester. The following is a list of the Detroit Light Guards' officers:

Captain—A. S. Williams.
1st Lieutenant—William Wilkins.
2d do James Pitman.
3d do —— Robinson.

THE COMMAND.

Owing to the non-arrival of Col. Wm. H. Bissell, the command of the Regiment, which now numbers 542 soldiers, devolves upon Col. J. L. Jenkins, of the 49th Regiment of New York, and who is, by the way, a son-in-law of Capt. Olstead, formerly in command of the Chicago National Guard, Company A. Col. Jenkins' staff, is composed as follows:

Capt. Joseph B. Collins, U. S. A., Aid-de Camp.
Lieut F. Harding, Quartermaster.
Dr. Wm. B. Egan, Surgeon.
General B. F. Bruce, Inspector General of the New York militia, who reviewed the regiment at the Encampment yesterday, was accompanied by the following staff:

Col. R. K. Morris.
Col. W. S. Johnston, Jr.
Maj. J. C. Moffit.
Maj. Henry Livingston.
Dr. Wm. B. Egan, Surgeon.

THE PARADE AND REVIEW.

As soon as the shower had passed over the field, the drums beat to quarters and the parade was formed, the companies occupying the same position as that assigned their quarters in the encampment, the Chicago Light Artillery on the right, and the Chicago Light Guards on the left.

Upon the front, and upon the right and left of the parade ground, lines of carriages were formed, numbering at least a thousand vehicles, while in front of them were ranged several thousand persons on foot, who had gone out from the city by the Illinois Central Railroad. The Guard had considerable difficulty in preserving the lines, so anxious were the people both on foot and in carriages to press forward for a better view. Excellent order was, on the whole, maintained, and the requirements of the sentinels generally very readily complied with. At the right of the field a line of carriages neglecting to fall back at the order, the artillery was brought up, and by the time a few guns were discharged, the drivers were very willing to back their horses as requested. One man attempted to cross the field was ordered to stand, he refused; and two sentinel charged upon him, the man turned to run, and showed both speed and bottom, but the sentinel pursued and overtook him and brought him to the guard tent amid the cheers of the front line of spectators.

Nothing but actual view can give an adequate idea of the magnificence of the scene at the forming of parade. The declining sun cast a brilliancy over the field, which was finely relieved by the shady grove in the rear, and the distant dark clouds beyond, on which the rainbow of peace was long held suspended over the warlike scene by angel hands.

While the parade was forming, the Knight Templars in full regalia, headed by the Great Western Band, marched across the field to the Guard Tent, presenting a splendid appearance with their semi-martial, semi-courtly costume.

At the close of the parade, the regiment was reviewed by Gen. Bruce, who made from his horse a most eloquent and spirited address, complimenting the companies in the highest terms for their deportment in camp and their evolutions in the field. His voice rang out clear as a clarion, and at the close of his address the line of spectators could not refrain from enthusiastic applause.

At the close of the Review, the Dragoons escorted Gen. Bruce and his staff to head-quarters, and were highly complimented by him for their appearance and action in the field, especially when organized so recently.

It is a matter of congratulation that the afternoon passed away without accident or disturbance with so large a collection of carriages and people. By 5 o'clock the encampment was left by the last lingering visitor, and the soldiers left to the companionship of the stars and their own valorous thoughts.—*Chicago Press.*

Meeting at Waupun.

At a meeting of the citizens of Waupun, held on the evening of June 26th, 1856, to consider the subject of the outrages perpetrated on their brethern in Kansas, and to express their sympathy for them in their present hour of trial, Rev. S. H. Ashman was called to the chair, and Charles Smith was appointed Secretary.

Jesse Hooker, Rev. Henry Amadon, T. C. Snow, Geo. Grannis, and Isaac Johnson were appointed a committee on resolutions, who reported the following, which were unanimously adopted.

Resolved, That the people of Waupun deeply sympathize with their brethern in Kansas, and stand ready with all the weapons that God and Nature have placed in their hands to assist them in their noble efforts to make that fertile and beautiful garden of the West a free State.

Resolved, That the Border Ruffians in their treatment of the Free State men in Kansas; that Rust in his assault upon Greely, and Brooks in his assault upon Sumner, have only exhibited the true spirit of Slavery, which is based upon the principle that might makes right.

Resolved, That Freedom or Slavery is the great issue of this time, that we are in a crisis which will result (as we of the North shall determine) either in the peaceable overthrow of Slavery, or in its extension over all the territories and Free States, reducing us to the condition of Slaves.

Resolved, That the Free State men in Kansas have submitted to the abuse and indignities heaped upon them by a Border Ruffian Administration till "forbearance ceases to be a virtue" and no alternative is left but a resort to such means as will effectually drive the invaders from the territory.

After listening to an able and interesting address from Prof. Daniels, material aid to the amount of $45.25 was contributed by the meeting, and pledges to the amount of $34,00 per month, till Kansas becomes a Free State, were received.

A Kansas Aid Society was organized, and the following officers appointed, Jesse Hooker, President; Charles Smith, Secretary; and A. K. Starkweather, Treasurer.

J. H. ASHMAN, President.
CHARLES SMITH, Secretary.

Important Law-Suit.

At the May term of our Circuit Court, two ejectment suits were tried, involving the title to Farm Lots, thirty-three and thirty-four, on this prairie, heretofore held and supposed to be owned by the United States Government, and on which Fort Crawford is situated. The suit was brought by Messrs. Ira B. Brunson, B. W. Brisbois and Cyrus Woodman, against a tenant of the United States—the Government taking up the defense of the suits. They were both decided in favor of the plaintiffs. The counsel engaged were Hon. Charles Dunn, Hon. J. H. Knowlton and Rufus King, Esq., for plaintiffs, and Benjamin Bull and A. C. Philips, Esq., for the defense. The property is now valuable. The Fort occupies the most beautiful site on the upper Mississippi, overlooking the river for miles, and altogether, is unsurpassed by any spot we ever had occasion to visit. It contains many very comfortable and pleasant apartments which are now being occupied for residences, and are a valuable acquisition to our inhabitants, in the present crowded state of our town. Mr. King, who now lives in the Fort, is the agent, to whom application may be made by those wishing to rent.—*Prairie du Chien Courier.*

WASHINGTON, July 1.

Col. Richard Fitzpatrick, of Pa., has been appointed Secretary of Legation to the Argentine Confederation.

The President, I am informed, this evening tendered the appointment of Minister to Sweden to Ex-Governor Bigler of California, at the request of his friends, who are now in this city, but he declined accepting it, and will return to California in a short time.

It is rumored this evening that Ex-Governor Seymour, of New York, is to be appointed Minister to France, and that Mr. Mason will shortly return to this country, having signified to the President a desire to that effect.

Mr. Sumner's Condition.

NEW YORK, July 2.

The Washington correspondent of the Evening Post says that Mr. Sumner still remains in a condition of health which justly excites the alarm of his friends, and that Friday and Saturday last were the two most painful days he had experienced during his whole illness.

ACCIDENT AT KENOSHA.

KENOSHA, July 4.—5 P. M.

A German named John Reynolds was very seriously injured here to-day by the premature discharge of a cannon. His face is horribly mutilated and arms shattered. His recovery can hardly be expected. KENOSHA.

Still they come!—Another Bolt.

Our neighbor of the *Wisconsin* is not alone in repudiating Slavery-Extending Democracy. The Manitowoc *Tribune*, which, until this week has had the Buchanan flag at its head, comes to us without it, but instead thereof a leading article from which we take the following:

"We have ever entertained a high regard for the personal character of Mr. Buchanan, and when the telegraph brought the news of his nomination by a large majority in the Cincinnati Convention, we at once concluded that the Democratic party had determined to disavow all connection with, and rebuke the action of Messrs. Pierce, Douglas & Co., bring the party back to the old landmarks, and prove to the world that it could hold no fellowship with traitors. It was in anticipation of this event that we had continued our connection with the party, and had refrained from giving utterance to indignation which it was difficult to repress, but which would have a tendency to discourage it, and without waiting to examine the platform, we hoisted the name of the nominees of the Convention; and when the platform was before us, and we recognized the well known hypocrisy which had clothed the objectionable portions of it in flowery Rhetoric and false Logic, we still hoped that the nobility of soul which we deemed the characteristic of James Buchanan, would prompt him to refuse to become the tool of wire-working politicians, or at least evade a promise to carry out their base purposes.

In this we were mistaken; Mr. Buchanan has only been too eager to prove that he will pander to the bitter prejudices which are engendered by a curse more withering to the genius of our free institutions than the deadly Simoon is to the organic laws which influence physical life, and which have already exercised a controlling influence in making the fair heritage of the north entirely subservient to the worse than despotic control of the South, and we look in vain in the self-styled Democratic party for the elements of the democracy which distinguished the days of Andrew Jackson and its illustrious father Thomas Jefferson; we see in it only the nullifying influences which darkened the political career of John C. Calhoun.

* * * * *

Next week we shall enlist under the banner of Cyl. JOHN C. FREMONT, and "sink or swim, live or die, survive or perish," we shall feel a soldier's pride in battling manfully under the proud banner of "equal rights."

The editor of the *Tribune*, Mr. S. W. SMITH, who has been the chairman of the Democratic County Committee, also sent in his resignation with an admirable letter, for which we must try and find room.

THE SUPPOSED COAL DISCOVERY IN DANE COUNTY.—We hear from an authentic source the following facts in regard to the supposed discovery of coal near Madison. In October last, Mr. William Green, of Richmond, Va., whilst on a visit to his brother-in-law, Col. George Slaughter, of this county, was induced to unite with the Col. and his brother in the purchase of what is commonly called the *Big Marsh*, evidently once a Lake, and at present requiring a few ditches to make it one of the most productive and valuable meadows in the State. In cutting the ditches with that view, a bed of rich peat was discovered, extending over three or four hundred acres of land ranging in depth from one to four feet, and overlaid by a stratum of what was supposed to be coal. It is hard, black and combustible, and resembling coal so nearly as to deceive most persons not familiar with coal. This substance has been submitted to the examination of chemists mineralogists, who pronounce it a substance in a transition state between peat and coal—more combustible than the former and less durable than the latter; much better fuel, however, than wood. This last quality is the great desideratum and constitutes this far Madison and the prairie lands a great discovery. A deep interest is felt in this vicinity in regard to the future development of this inexhaustible mine of wealth and comfort. Its value to the proprietors is variously estimated at from three hundred thousand to a million dollars.—*Madison Argus.*

HEAVY STORM.—Last Thursday morning, about 5 o'clock, one of the heaviest storms within the recollection of our oldest inhabitant, broke over our village. The clouds had gathered heavily during the night, and as daylight the storm was close upon us. The storm broke with unexampled fury, accompanied by vivid lightning, the wind blowing a hurricane, throwing down buildings, trees and miles of fencing, accompanied by a deluge of rain, lasting about two hours. The damage in this neighborhood was very heavy; in our village four buildings were leveled to the ground—the engine house at the La Crosse Depot, two dwelling houses nearly finished, and the frame of the new Presbyterian Church, besides scattering broadcast signs, lumber, &c; towards Waupun several trees were blown across the railroad track, and two or three buildings injured; in the openings similar damage was done, and miles of fencing laid low. This was the heaviest storm within the remembrance of our citizens, and we may congratulate ourselves that it was not attended with fatal results.—*Horicon Argus.*

Gadsden Recalled—Kansas.

From the Tribune's Correspondent.

WASHINGTON, July 2, 1856

Gadsden was allowed to return to Mexico at his own urgent request, and for the purpose of settling his personal request, and for the purpose of settling his personal affairs. He has been recalled, and will carry out the notice of that fact. No successor has been or probably will be indicated, unless an exigency should occur, until Gadsden relinquishes the Mission, which he has promised to do as promptly as his affairs will allow.

Gen Smith's instructions concerning Kansas are emphatically to prevent armed invasion from any quarter, and to afford protection to peaceable settlers at any cost. Sumner will retain his present position subject to the orders of Smith, who is instructed with large discretion and is fully possessed of the President's views. Smith was selected for this trust with reference to his prudence, ability and firmness, as well as legal knowledge, enabling him to discriminate on delicate questions that may arise.

☞ Yesterday afternoon Henry Winfield, of Prairie Du Chien, Wis., sued out a writ of Habeas Corpus before Judge Burgoyne, to recover the posse sion of his child, aged two years, from Martha Wright, who refused to give it up until she was paid $20 for its support. The Judge decided the child to be given up to its parents, informing the respondent that she could not hold it to secure payment of the debt, but recommended Mr. Winfield to give a note for the amount claimed; and this being done, the parties left the Court Room.—*Cincinnati Gazette.*

Marine Intelligence.

The Buffalo *Commercial* says:

The steamer *St. Lawrence*, formerly of the Buffalo and Sandusky line, was sold at 11 o'clock this morning, at the Merchants' Exchange, by Mr. L. K. Fitzgibbon. Capt. Hazard was the purchaser. The price realized was $55,000, and the terms one quarter down, and the balance in six, twelve and eighteen months. The *St. Lawrence* cost about $150,000. She is as good as new, and her engine is worth the sum paid for her. Capt. Hazard has, therefore, made a good bargain. We have not heard for what purpose he designs the boat.

GOOD SAILING.—The clipper schooner *Republic*, Capt. Olcott, arrived here at 6 o'clock last evening, from Milwaukee. She left that port on Sunday morning at 6 o'clock, and 7 o'clock.—*Buffalo Express, Tuesday.*

QUICK TRIP.—The schooner *Indep*, Capt. Blend, left this port for Milwaukee, Tuesday morning, 24th of June, loaded with lumber from the East River Mill, discharged her cargo, and returned here again last Monday morning at 8 o'clock, making her trip to and from Milwaukee in 5 days and 19 hours. We understand that the *Indep* made her run from Milwaukee here in 84 hours, and that the mate has pledged his honor to return to Milwaukee in time to join the Fourth of July celebration.—*Green Bay Adv.*

ANOTHER.—The schooner *Charley Hibbard*, Captain Doyle, arrived at this port on Monday morning last, from Chicago. Capt. D. informs us that he made the run in 40 hours. We believe this is the fastest time that a sail vessel has yet made between Chicago and this city, and we doubt whether our steamboats can beat it.—*Herald.*

☞ The new propeller *Adriatic* has had to return a second time to port. She left here Friday afternoon with a full cargo of merchandize, and when off Gravelly Bay broke her shaft. Capt. Goldsmith, of the steamer *Southern Michigan* left in with her Saturday afternoon, but as the weather was pleasant, and he had a full load of passengers whom he did not wish to delay, he concluded not to take the propeller in tow. He, however, agreed with Capt. Lathrop, of the *Adriatic*, to send a tug, which he did upon his arrival here. The A. was brought in by the tug and the propeller *Milwaukee*. The damage will be repaired in a few days.—*Buf. Com. Adv., Monday.*

COLLISION.—We learn that, about midnight of the 1st inst., the barque *Adriatic*, of Clayton, bound up the lake, collided with the schooner *Wm. G. Grant*, of Cleveland, downward bound, carrying away the schooner's mainmast, boom and gaff, also her boat and davits, and considerable damage to the schooner's quarter. The barque sustained no material damage.—*Det. Press.*

WOOL—taken freely at 28@33, averaging about 28c

A Boston correspondent writes, in regard to woolen factory stocks, as follows:

Mess. Editors:—In reading an article in your paper, taken from the U. S. Economist, in relation to the consumption of wool by several of the largest mills in New England I thought a view of the present market value of the stock of those companies might be interesting, as showing in a measure the *profitableness* of the business in which they are engaged. The par value are all $1,000, with the exception of the Lowell, which, I think, is $800.

Bay State	$850	Manchester	$600
Middlesex	305	Pacific	350
Lowell	490		

The Lowell use foreign wool nearly altogether, of a quality not grown in this country; the Bay State use over one-third of imported wool.

A HUMAN LIFE SAVED.

DOWAGIAC, Mich., March 17, 1856.

J. A. RHODES, Esq:—Dear Sir:—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and the testimony is a fair specimen of all I have received:

Mr. J. COWLIN told me—"I had taken nine bottles of Christ's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me. The distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in short time."

H. M CONKLIN says:—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result, from 20th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M CONKLIN was not here, but both the other brothers say his case was the same as H. M's. I sold the medicine to both the same day, and the cure was as speedy from he same small quantity, and I might so specify.

Respectfully yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better nature than the vast number of like certificates I have already published, and the still greater amount that is constantly pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"*To office one from who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence and their pamphlet in the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.*

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" shall be mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr. James B. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine, from imitations. JAS. A. RHODES, Proprietor,

THE DAILY SENTINEL.

CITY MATTERS.

POLICE COURT, JULY 4.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Robert Maginnis, intoxicated, fined $1, Wm. Thompson, drunk, third offence, committed for 10 days in default of $10 fine; John Dereaut, disorderly, fined $5; Andrew Tierney, drunk, second offence, fined $2; John Coon, drunk, fined $1; Henry Matzen, committing nuisance, fined $5; John Matzen, committing nuisance, fined $5; John Morrison, drunk, fined $7. Mary Bards, disorderly, fined $3. John Barry, fast driving on bridge, fined $2.

An inquest was held upon the body of Eliza Lynch, living upon the corner of Detroit and Milwaukee sts., which resulted in a verdict by the jury of murder in the first degree, by her husband, Jeremiah Lynch, who was committed to jail to await his trial at the Circuit Court.

JULY 5th.—Morris Riley, drunk and disorderly, fined $2; James McKeag, drunk and disorderly, fined $3; John Hagan, drunk, disorderly and resisting the officer, fined $10; Joseph Hans, drunk, fined $1.

Supposed Murder!

A woman named Eliza Lynch was found dead in her house in the 3d Ward on Friday morning. Her husband, Jeremiah Lynch, was arrested on suspicion of having murdered her, and the Coroner's Jury having found a verdict of wilful murder against him, he was committed to Jail to await his trial in the Circuit Court. He is thought to have choked his wife to death.

THE LIGHT GUARDS.—The Milwaukee Light Guards returned on Saturday evening from the Chicago Encampment, having won universal praise by their soldierly conduct and splendid drill. We have heard numerous persons who visited the grounds say that among the Companies assembled there, they had no superior.

They arrive ed at their Armory just in time to escape the drenching rain storm of Saturday night.

A PLEASANT PARTY.—A party of our citizens, got up by a couple of sensible printers, took their sweethearts on the Fourth, and went up to the fine groves in Lockwood's Addition, and spent the day in a comfortable manner. They had the Declaration read (we are not sure it was the *only* one of the day in the party)—had a substantial collation, enjoyed the day amazingly, and came home contented with themselves and the whole country.

HORTICULTURAL SOCIETY.—The members of the Milwaukee Horticultural Society are notified of a meeting, at the Young Men's Association Rooms, this afternoon at 5 o'clock.

We hope that many of our citizens, who have now, or expect to have, gardens to cultivate, or who love to see the grounds of others present an attractive appearance, will at once, by the payment of the *ballot*, which gives them a member's ticket, admit them and their families to the exhibitions, show their interest in this Society.

Notices of Books.

From A. WHITTEMORE & Co.:

"BERENICE;" A Novel, PHILLIPS, SAMPSON & Co., Boston.

This is an exquisitely printed 1 volume by the celebrated Boston publishers, from an unknown author. It is a female autobiography—the story of a woman whose sufferings, physical and mental, were—so the story seems to us—more than falls to the lot of human beings often; and yet such is stranger than fiction, and the story may be the true one of a life.

"COLOMBA," by Prosper Merrimee; translation from the French; same publishers.

The quaint, old-style type on which this book is printed scarcely accords with its fair white paper. But it is odd—and so is the book, and very "French"—lively, poignant, vertiliant. It is a journal of the travels of a family to Corsica, and has many things about it to recommend it to while away time.

From H. W. ANSON, Post-Office News Depot:

"THE WANDERER, a tale of Life's Vicissitudes, by the author of the "Watchman," E. D. Long, N. Y. publisher.

We have not had time to examine this book carefully, but have confidence that we do not go far wrong in recommending it for general perusal. If it fulfils the reasonable expectations of those who read the "Watchman," it cannot fail to be popular and to do good in general circulation.

"THE WHITE CHIEF," by Capt. MAYNE REID; DEWITT & DAVENPORT, N. W.

The dashing style of writing,—and the tales of perils encountered, hair-breadth 'scapes, daring bravery, recklessness, &c., which characterize this author, are well known, and we believe his works are welcomed by a large class of readers, who have got beyond and above the old class of yellow-covered literature, and in so far as that goes, exhibit great improvement in taste.

"SIX MONTHS IN KANSAS;" by a Lady; JOHN P. JEWETT & Co, Boston.

This is a neat pamphlet edition of a series of interesting letters, forming a sort of journal of the daily life of a lady who went to Kansas late last fall, and remained till sometime in May of this year. As from an eye and ear witness of the scenes of atrocity in that unhappy Territory, written to a friend, without any intention of publication, the letters are very interesting and valuable.

ANDRE has also a Map of Eastern Kansas which will be valuable to those who are watching the doings in that quarter.

From ARCHIBALD WILSON:

THE LIFE OF CALDERON, by RICHARD C. FRENCH, author of the "Study of Words," "English Past and Present," &c., &c.

In this neat little volume, republished by REDFIELD, we have a sketch of the life and an able criticism on the works of Calderon, the great Spanish Poet and dramatist, with metrical translations from two of his works. Calderon has been variously maligned and praised to the skies during the past century, by writers in English, German and French, and the literary man will be glad to read the present able treatise by a popular author.

WIT AND WISDOM OF THE REV. ERSKINE SMITH, being Selections from his Writings, and passages of him in the Table Talk, with a Biographical Memoir; by EVERT C. DUYCKINCK. REDFIELD, publisher.

Mr. DUYCKINCK is one of the most careful and industrious men of letters in this country, and one who is qualified by nature, to appreciate thoroughly the character of SYDNEY SMITH. Those who have read Lady Holland's story of her father's life will be glad to make a further and more intimate acquaintance with him; and those who have not read that very interesting work will find in this one a delightful compilation, as the title would indicate, and the reputation of the American author guarantees.

From E. C. ARNOLD:

HISTORY OF THE NAVY OF THE U. S. OF AMERICA; abridged, in one Volume. By J. FENIMORE COOPER, continued to 1856 from the author's manuscripts, and other authentic sources. STRINGER & TOWNSEND, N. Y., 1856.

We welcome this book to our table. A Gilpin abridgement of Cooper's Naval History has long been wanting for the use of schools, and this book just meets that want, while it places the main facts in question within the reach of everybody. GEN. BANCROFT, the historian, says of it:

"The work of an unsurpassed writer, it is so full of interest, and so abounds in the most vivid illustrations of American patriotism, enterprise and courage, that it cannot be too widely circulated. You have done good service to the navy and to your country in giving this edition a cheap and convenient form, best suited to introduce it to a new and extended class of American readers"

WALKER'S EXPEDITION TO NICARAGUA; by WM. V. WALKER, Consul General of the Republic of Honduras. STRINGER & TOWNSEND, N. Y.

The fact that this book has, according to the author's admission, been "written and published within twenty days, precludes the necessity of saying much concerning it. That is not the way to write history. It is a compilation from the columns of Walker's paper, "*El Nicaraguense*," and the New York *Herald*, not the most versacious of chroniclers.

THE ANTARCTIC, or Sam Slick in England; STRINGER & TOWNSEND, N. Y.

Judge Haliburton's reputation will sell this book, and those who purchase it will, we think, find it, humorous in style and hard hitting, quite equal to his other works.

I shall continue to publish a weekly report of sales as heretofore, and would recommend all who are interested in Real Estate, to take the paper containing my said report, and file the same, by which means they will always be familiar with, and have a correct list of all transactions in this line of business. My report to go up with the greatest possible care, and is therefore correct and reliable in every item. W. LAIDLAW.

Grand Fourth of July Celebration at the corner of the City Auction Rooms —500 Persons Present!

H. C. FOSTER, of Chicago, read the Declaration of Independence in eloquent style.

CALEB WALL, one of our oldest settlers, delivered the oration as follows:

Mr. Wall's Oration.

FELLOW CITIZENS.—It gives me pleasure to appear before you, but when one listens to the Declaration of Independence, read as my worthy friend Foster has read it, my heart is palsied within me. How awfully it is abused, yet, my fellow-citizens, we need not despond when we read of Cicero, Socrates, Plutarch, Demosthenes, Lycurgus, Lysander, Phokion, Dion, Gisbo, Cato, Aps., Themistocles, Pompey, Archimedes, Sylla, Maximus, Publicola, Cyrus, Xenophon, Scipio, Alric ans, Solon, Hegadates, Sicelo, Dionysius, Leontine, Hannibal, Albinus, Metellus, Pigmalion, Carthage, Alexander, Alexander and *Professor Epps*—What did they endure? and what champions were they? and shall not we do as they great men did? Yes, my fellow-citizens, let us remember, ever remember, that he who putteth his hand to the plough and looketh back is not worthy of the "*high prize*."

SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 20 acres each adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment!

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile s th of the city limits, and 2½ miles from the Water's Point bridge. It is situated on four corners, and hence has a

MILE OF ROAD AROUND IT,

And cuts it up into eight lots of twenty acres each, with equal facilities upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from which, when the intervening timber is removed, the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukee County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow), with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet, and upon the premises. A thrifty young orchard of *thriving apple trees.*

NINETY ACRES OF THE FARM

IS STILL COVERED WITH A

Heavy Growth of Unculled Timber,

two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber,) and half a dozen black walnut trees, alone worth $10 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and thereto designed it as my homestead, I am unwilling even now, though I have made up my mind to sell, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukee, within the last two years. PETER YATES.

PERMANENT GLOSS PAINT.
Important Improvement in Painting!
A PERMANENT GLOSS PAINT for inside work has long been a desideratum. All paints prepared from Linseed Oil, will gradually turn from the light est and most opposite tints to the yellow color of the oil itself the change being the more rapid as the paint is exposed from the full light of day
The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., while in brilliancy and richness of surface it surpasses all other paints, possessing the superior advantage of retaining permanently even the most delicate colors with which it is combined
